Public Comment:

- **Jo Thompson:** Under the proposed White House budget there are programs scheduled to be cut that directly benefit our area (AmeriCorps, Coastal Program and Sea Grant). The following resolution was created, read in its entirety and approved by the Town Board:

  WHEREAS, the Town of Duluth is a small, rural township on the shores of Lake Superior and has many streams running into the Lake and is strongly committed to maintaining the high water quality of our lakes and streams;

  WHEREAS, the Town of Duluth has limited resources to both ensure water quality and meet Federal and State regulations, we depend heavily on our partnerships with Minnesota’s Lake Superior Coastal Program for both technical assistance and grant funding, AmeriCorps, and the Sea Grant Program;

  WHEREAS, if these programs are significantly cut the Town of Duluth will still need to meet standards and requirements and the efficiencies and assistance associated with the partnerships will be lost and result in financial hardships for the Township;

  THEREFORE, be it resolved that the Town of Duluth adamantly and strongly opposes any significant decrease in the funding of these programs and would vehemently oppose the dissolution of these essential and valuable programs.

  Dave Edbloom made a motion to approve the resolution, Wendy seconded. Motion passed with four ayes. Dave Mount abstained from this vote. Wendy or Dave Edbloom will sign the document.
