

**TOWN OF DULUTH
ST. LOUIS COUNTY, MINNESOTA
ADULT USE/SEXUALLY ORIENTED BUSINESSES**

Ordinance #071306

The Board of Supervisors of the Town of Duluth Ordains:

Purpose and Findings: The purpose of this ordinance is to regulate all Sexually Oriented Businesses as identified herein in order to protect the health, safety and general welfare and property values of the citizens of Duluth Township through reasonable and uniform regulation of said businesses throughout the Township. It is not the intent or purpose of this ordinance to prohibit sexually oriented businesses from having a reasonable opportunity to locate in this township.

The town board directed the planning commission to study whether sexually oriented businesses have adverse impacts upon surrounding properties and neighborhoods, the nature of those impacts, the effect of regulation upon those impacts, and asked the commission to make recommendations about appropriate regulations.

The planning commission studied the Report of the Minnesota Attorney General's Working Group on Sexually Oriented Businesses Reports and reports completed for the cities of Minneapolis, St. Paul, Indianapolis, Phoenix and Los Angeles. The planning commission concluded that:

- 1) Studies have concluded that sexually oriented businesses may have adverse impacts on the surrounding properties and neighborhoods.
- 2) The adverse effects caused by sexually oriented businesses tend to diminish if adult establishments are governed by local requirements.
- 3) Minnesota Statutes, section 462.357, allows the township to adopt regulations to promote the public health, safety, and general welfare.
- 4) The public health, safety, and general welfare will be promoted by this township adopting regulations governing sexually oriented businesses.
- 5) The planning commission found, based upon the studies described above, that:
 - Studies have shown a close association between sexually oriented businesses, high crime rates and low property values in a neighborhood.
 - Arrests for sexual crimes and the location of sexually oriented businesses were directly related.
 - A concentration of sexually oriented businesses has serious impacts upon the surrounding neighborhood.
 - Community impacts of sexually oriented businesses are primarily a function of two variables, proximity to residential areas and concentration. Property values are directly affected within a small radius of the location of a sexually oriented business. Concentration may compound depression of property values and may lead to an increase in crime sufficient to change the quality of life and perceived desirability of property in a neighborhood.
 - When sexually oriented businesses have multiple uses (i.e., theater, bookstore, nude dancing, peep booths), one building can have the impact of several separate businesses.
 - The presence of bars in the immediate vicinity of sexually oriented businesses also

- compounds impacts upon the neighborhood.
- Evidence on a national level highlights the vulnerability of sexually oriented businesses to criminal control.
 - The limitation on the hours of operation and the regulation of exterior appearance, including signage, of sexually oriented business activities is necessary to protect and secure neighboring uses, to control adverse noise and traffic impacts associated with those activities, and otherwise address, mitigate, and if possible, eliminate the adverse impacts and secondary effects of sexually oriented business activities on the areas in which such activities are located or taking place.

The Duluth Town Board of Supervisors hereby adopts the Planning Commission's findings and conclusions.

Scope: This ordinance applies to all adult use and sexually oriented businesses as defined herein. It is not designed to effect or to place limitations or restrictions on the content of any materials nor to deny access to adult oriented materials as protected by the First and Fourteenth Amendments of *the Constitution of the United States*. It is designed to place limitations on locations and to prevent concentrations of said businesses and to prevent additional criminal or otherwise harmful or undesirable behavior in residential neighborhoods, protect property values, and otherwise accomplish and promote the purposes of this ordinance.
